

Delivery Date

Convenient control over your delivery schedule.

The extension enables Admin to:

- Specify the days that are available for delivery;
- Set minimal interval between the order and delivery date;
- Add holidays to the calendar, so that the customers won't be able to choose holiday dates for delivery;
- Indicate time after which same-day delivery is unavailable;
- Filter and sort orders by delivery date.

The extension enables Customer to:

- Select the convenient delivery date;
- Leave a comment or preferable time of delivery.

DELIVERY DATE

user manual

Configuring the Extension

- To configure the extension please go to admin area > System > Configuration > Checkout > Delivery Date.
- At this page you can enable/disable the extension, choose on which days products can't be delivered (if you do every-day delivery – please choose “No day”), minimal interval between the order and delivery dates, indicate time after which same delivery date is unavailable, choose date format and whether comment field should be displayed or not.
- If you would like customers to indicate delivery time, please set “Enable Delivery Time Selection” to “Yes”
- If you would like to limit available delivery time, please indicate delivery hours in “Available Delivery from, hours” and “Available Delivery to, hours” fields.
