Use custom placement for links block

[STORE VIEW]

 See User Guide for explanation.

Set "Use custom placement for links block" to "Yes" if you wish to display a block with Useful Downloads in a different location (by default it is displayed under the price). See part 5 of this manual for more detail.

+ Add New Row

Upload Files

3. To upload more files, click "Add New Row".

1. For each product type, a new "Useful Downloads" subpage is added (for downloadable products as well, it's up to you whether to use it). On this subpage you can upload drivers, manuals, brochures and other files for customers.

PEARL STUD EARRINGS **110.00**  
IN STOCK

This is what the block with downloads looks like on a product page. If you don't add any downloadable files for a product, the block won't be displayed.

Free PDFs: [Pearl Care Guide](#)

Prim and demure, pearl studs are a cross cultural symbol of style and refinement.

## Moving the Useful Downloads block

1. Set “Use custom placement for links block” (in System >> Configuration >> Catalog >> Useful Downloads Options) to “Yes”.

2. Insert the following code in the appropriate place of the product view template:

```
<?php echo $this->getAitfilesLinks() ?>
```
