Custom Options for Grouped Products

User Manual for Magento 2

Table of Contents

Aitoc

1. Unzip and paste the extension file into your root Magento folder.

2. Connect to your server by SSH.

3. Go to your Magento root folder.

4. To install the extension, perform this command:

php bin/magento setup:upgrade

5. To switch the extension on/off, perform these commands:

php bin/magento module:enable Aitoc_GroupedProductsOptions

php bin/magento module:disable Aitoc_GroupedProductsOptions

You can activate/deactivate several Aitoc extensions at once by specifying their names separated by space in the command.

Now you can group products with custom options.
